

August 16, 1995

On August 16, 1995 the Middlesex Governing Body met in Special Session to review the final draft of the contract between the towns of Zebulon and Middlesex for Zebulon to accept Middlesex's Wastewater. Members present were Mayor Harvey Lewis, Commission David Jordan, Isaac Lewis, Naomi Powell and Bascoe Lewis. Commissioner Jerry Daniel was absent. Mayor Lewis called the meeting to order at 7:30 p.m..

Micheal Acquesta, from Peirson & Whitman Engineering Company and Liz Fairman, Attorney with Fields and Cooper were present.

Mike Acquesta stated that there had been a change in the contract which would save the town approximately \$51,000.00. The design of the line had originally been to run the line down US264A, bore under NC39Highway, continue down US264A to the western side of the MudCat Stadium and gravity flow to the wastewater treatment plant. Zebulon had agreed to allow Middlesex to go to NC39Hwy, turn left down NC39Hwy to a main they are constructing in order to take care of the PYA Industry, thus saving the town money.

Acquesta stated that Zebulon had also expressed an interest in the Force Main from the creek to NC39Hwy because of potential development and were willing to pay for the upgrade of the line from an 8" force main to a 10" force main, and had credited \$34,201.00 toward the tap on fee.

Attorney Fairman stated that she had reviewed the contract and found no problems with it if Middlesex was happy with it.

Commissioner Isaac Lewis moved to adopt the contract as presented, his motion was seconded by Commissioner Jordan and carried unanimously.

Commissioner Isaac Lewis further stated that he felt the town should begin holding public hearings as soon as possible in order to educate the citizens to the actual facts concerning this project in order to help understand just what they will be voting on when they are asked to vote on this issue.

795a

Commissioner Jordan stated that a door-to-door contact should be made.

Being no further business, Commissioner Powell moved to adjourn.
